Commerce Experience Platform

Executing product & content experiences onsite

PRODUCT EXPERIENCE CLOUD

Personalized Search

Help shoppers find relevant products faster with powerful, personalized search.

Category Merchandising

Bring 1-to-1 personalization to every category page with powerful merchandising control.

Product Recommendations

Recommend shoppers the most relevant products in real-time based on their individual user behavior.

Dynamic Bundles

Showcase recommendations with dynamic filtering rules tied to different product categories or tags for each placement.

Personalized Emails

Effortlessly integrate with your ESP to incorporate personalized product recommendations in your marketing emails.

CONTENT EXPERIENCE CLOUD

Content Personalization

Personalize any element on any page including navigation bars, banners, videos, copy, and graphics & logos.

Pop-Ups

Offer discounts and capture emails with timely, targeted pop-ups.

UGC Publisher Center

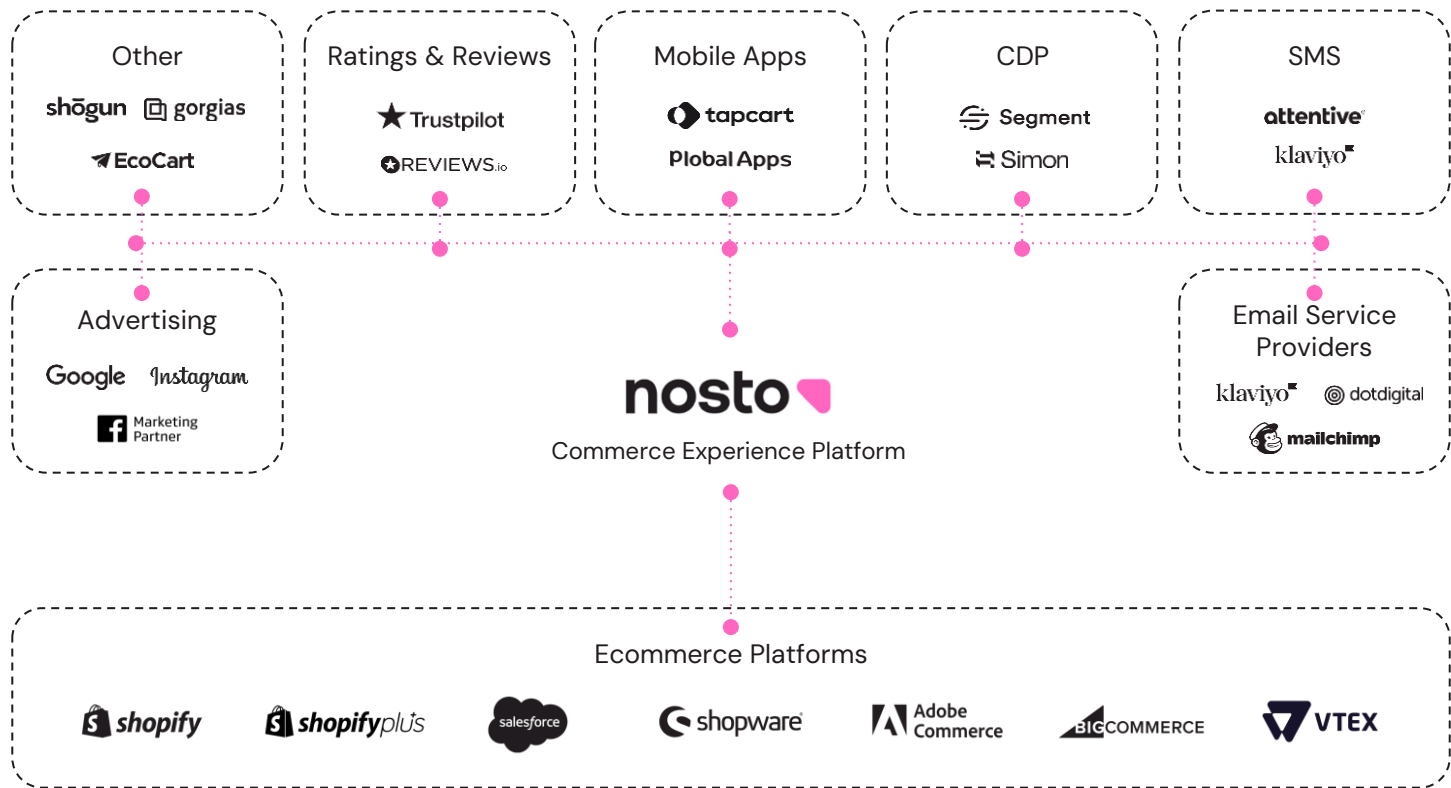

Manage, request rights, and publish user generated content (UGC) across various digital touch-points.

Ambassador Builder

Discover, engage, and incentivize your most loyal brand advocates to enhance your user-generated content library.

Our integrations across the commerce ecosystem
